SECTION 2

(80 Marks)

This is a compulsory question based on Units 3, 4 and 5.

Applied Business Question.

Stylish Décor Ltd.

Ruth Cavanagh became Managing Director of Stylish Décor Ltd., a retail and wholesale business, one year ago. She took over the paint, wallpaper and tiling business when her father Paddy retired. Paddy had been a popular employer locally but the business had not grown and kept pace with developments in technology, marketing or human resource management. The company's premises is based in an expanding town within a one-hour commuting distance of Dublin and is in need of modernisation.

The town has seen a large increase in new house building over the last few years and its development plan provides for further housing and industrial units. Ruth is ambitious. Her aim is to become a market leader. Research has convinced her of the benefits of adding a 'Do-It-Yourself' (DIY) department to the existing business and setting up a second shop in a town less than twenty-kilometres away. These initiatives will require an increase in staff, a retraining programme for existing staff, incentives, and capital investment, if the business is to succeed.

Ruth is a Business graduate and understands the importance of marketing for the success of a business. Her enterprise's market share and turnover are below those of comparable businesses. Ruth intends to penetrate the market by a further fifty-percent within the next five years, to improve the expertise of staff, the quality of customer service and the product range. The fact that a major multiple is due to open a new hardware and gardening outlet with good parking just four-kilometres away has concentrated her mind. Stylish Décor Ltd. has not, up to now, invested in marketing activities. She also intends to introduce clearly defined lines of responsibility for staff in the areas of purchasing, sales/marketing and offer employees rewards for achieving targets. She wants to make changes and respond to customer needs quickly but she is facing strong opposition from her staff.

- (A) Discuss how management activities can help Ruth improve the performance of the business. (30 marks)
- (B) Advise Ruth on the strategies that will help her manage the changes that have to take place if the business is to succeed. (20 marks)
- (C) Illustrate, using the above text, how applying the Price and Promotion elements of the marketing mix can contribute to achieving Ruth's ambitions. (30 marks)
